A QUEST FOR WINDY ROADZ TOUR (Halton Hills-Elora) Saturday Aug. 23, 2008

This day cruise will be the event planned for a two day ZFest 2008 weekend. The tours in 2007 were a lot of fun so we are organizing this tour as one of the three planned this year. This is a full day event on secondary ("biker type") roads. These roads are very windy with lots of elevation changes but they are paved. There will be lots of driving, about 250 km and picturesque scenery! We welcome the members of ZCCR, friends and family to come out and accompany you through the whole event. Prizes will be handed out during the event.

POINTS OF INTEREST:

Snake Rd. through Niagara Escarpment.

Elora Gorge where there is white water rafting, cliff jumping spot.

Lunch at Boston Pizza (either outdoor patio or indoors)/Best Western which is on a hill overlooking town of Orangeville.

MEETING & START LOCATION: At southeast parking lot (on Plains Rd.) at intersection of Hwy#6 & Plains Rd. at 9am. with full tank.

SUGGESTED ITEMS TO BRING: MTO highway map or GPS, camera, cell phone, some snacks & beverages, pencils, walkie talkies if you have a set. We expect to have 2 sets but could use more. Each car will be supplied with a trip itinerary and a route map.

If you are planning to show up, please contact one of the event organizers below, no later than Aug. 9/08 to confirm your participation.
