

ONTARIO Z-CAR OWNERS ASSOCIATION  
SINCE 1993

## **A QUEST FOR WINDY ROADZ TOUR (Halton Hills-Elora) Saturday Aug. 23, 2008**

### **CHECKLIST**

Driving etiquette.

Safe traveling distance between you & others.

Many extreme (changes in elevation, blind corners, "S" turns, switch backs at Rattlesnake Pt.) areas traveled. Use caution in some areas marked on the maps.

If you feel "zoom- zoom", do it alone or as a separate group. NOTE: this is a group OZC event and should be handled safely!

START: across from the Wedgewood Golf Range.

DETOUR: NO stop at baseball diamond. Use detour D1 signs. Go right onto Mountain Rd. & then left back onto original course.

WARNING!: 1<sup>st</sup>. or 2<sup>nd</sup>. gear up Rattlesnake Pt. Shortly after turning onto Appleby Line. It has 60 degree elevations, + 180 degree turns. EXTREME CAUTION!!!

If you need washroom - probably use the forest.

From START to Orangeville is ~100 kms. & LUNCH will be ~ 12:00 – 12:30 pm.

Items to Bring: drink & a snack, CAA/AAA cards for roadside service.

**This course is an excellent cruise for "Z" cars due to the extreme challenges on these isolated paved roadz. 260 km. is round trip.**

Hope members & non members come out to enjoy this great cruise!!
